Building Campaign - Frequently Asked Questions

FAQ #1. Do I really need to pledge even if I plan on giving?

Please do pledge for the campaign. This is not a legal obligation, but a voluntary commitment that helps us plan for the future.

FAQ #2: Will I receive a statement that shows my Building Campaign contributions as distinct from my regular offerings?

Yes, these receipts will be broken out in detail on your statement.

FAQ #3. If I contributed in 2023 (or 2024) but the amount for the Building Campaign was recorded as my regular contribution (or vice versa), how can I correct that?

Contact Business Manager Sue Francik, sfrancik@stpaulannarbor.org or call her at 734-665-9117, x219.

FAQ #4. If the Campaign does not meet its goal and the project does not go forward, what would be done with the funds received?

The project will go forward, hopefully at one time but potentially in stages. The question is not so much whether the campaign meets its goal, but when it will meet its goal. We plan on moving forward with the project as soon as we have the pledges and the money on hand to be able to do so. We hope this takes two years or less, but it could take longer.

FAQ #5. The original timeframe for the Building Campaign was three years. If givers cannot compress into two years (2025-26) the amount they intended for a three-year pledge, can they still give their third-year amount in 2027?

Yes, we can receive your third-year contribution after 2026, and it will be directed toward the Building Project or to pay off our building loan. Just let us know.

(FAQs continue on next page...)

FAQ #6. Does the \$1.4 million figure of “already received pledges” that was announced at the Congregational Assembly include amounts already contributed for which no pledge was made?

The \$1.4M figure mentioned at the Congregational Assembly includes all pledges received during the Quiet Phase, for which some funds have already been donated, plus some funds received from members who had not yet turned in a commitment card.

FAQ #7. What is the amount of the Oscar Haab Foundation match, and does it apply to all Campaign contributions made to date?

The amount of the match for contributions, even if given as early as 2023, is \$0.50 on the U.S. Dollar.

Do you have other questions?

Our campaign co-chairs are happy to answer them!
